

This poem is dedicated both to Dr. Sal, Project Manager, LOs and my beloved teachers from UBD and EWC and to the Brunei-U.S. English Language Enrichment Project for ASEAN 2013. – Nyo Nyo Lwis

### 'Cause

- Because of you,  
I've been exposed to current trends in ELT,  
And I've experienced new skill-sets like ICT literacy.
- Because of you,  
I've become a critical thinker,  
And I've made friend with ASEANers.
- Because of you,  
I've temporarily escaped from atmosphere of pressure and stress,  
And I could travel to East and West.
- Because of you,  
I've become self-confident,  
And I've been aware of how to be self-reliant.
- Because of you,  
'Cause you illuminated team-spirit obviously,  
We've now realized we're from a whole family.
- Thus let me say, because of you,  
I've been enriched with something special and new,  
And my age-old dream comes true.

The expression "**You**" refers to "**Dr. Sal, Project Manager, LOs and Teachers from UBD and EWC as well as the Brunei-U.S. English Language Enrichment Project for ASEAN 2013**".
